 ILA~USMX Joint Safety Committee

OSH Circular 2025-02 (05 February 2025)

Available in the Background: OSH Reference Resources

The ILA~USMX Joint Safety Committee (JSC) publishes OSH Circulars, like this one, every month and has been doing so over many years. In that period of time the JSC has published over 130 OSH Circulars, each one providing advice and information focused upon one important goal: **Preserving the life and limb of our labor and management constituents.**

From time-to-time individual members of the labor and management groups that the JSC represents will inquire about previous editions of the OSH Circular and, more specifically, where those OSH Circulars can be obtained and reviewed.

We know that the International Longshoremen's Association (ILA) and the United States Maritime Alliance (USMX) both post OSH Circulars published by the JSC to their respective websites at the following links:

https://ilaunion.org/osh-circular/

https://www.usmx.com/

We also know that the ILA's South Atlantic and Gulf Coast District (SAGCD) has developed an online application which also makes our OSH Circulars available:

https://www.iladistrict.com/resources/ila-app/

Moreover, we understand that several ILA Local Unions and a few individual USMX member shipping associations likewise post our OSH Circulars to their own websites.

Finally, we know that The Blueoceana Company, Inc (an OSH resource for both ILA and USMX) also provides access to each of the OSH Circulars and OSH Alerts published by the JSC:
